MISSION MINUTES

One day as a "JESUS film team" were walking and asking God where they should go that day, they heard children's voices. They entered a compound filled with children and began talking to them. Police moved in and arrested them. Before being hauled away a team member turned on a NewLifeBox in his backpack and left it. Later they returned for the backpack to find hundreds of children sitting quietly! They were watching the JESUS film on their phones from a "hotspot" the box had created. The compound was a training center for children of wealthy militants. God can work in mysterious ways.
